Self-Certification for Individual Clients - Common Reporting Standard (CRS)

Appendix 2 Instructions

Section A – General

1. Common Reporting Standard (CRS)

On 20 July, 2013, the G20 leaders endorsed the OECD proposals for a global model of automatic information exchange as the expected new standard on information exchange. This directive was carried out on 13 February, 2014, when the OECD released the Common Reporting Standard ("CRS") and model Competent Authority Agreement ("CAA"). On 15 July, 2014, the Council of the OECD published its detailed commentary on both the CRS and Model CAA.

CRS introduces requirements on top of other global and local implementation programs (e.g. FATCA, EUSD, QI) aiming at a uniform global standard of information exchange. Both the Model CAA and CRS each have a foundation that is substantially similar to that of the FATCA Intergovernmental Agreements (IGAs), with subtle differences imposed by the OECD and influenced through local law. Just as with FATCA, the CRS therefore impose obligations on Financial Institutions resident in those territories to report information on financial accounts held by foreign tax residents to the local tax authorities.

2. Legal Disclaimer
