Welcome to Pakistan Single Window Subscription!

The Pakistan Single Window (PSW) user manual for Subscription and Registration is your step-by-step guide on how to obtain subscription of the PSW portal and procure registration in order to undertake cross border related trade activities. This handbook provides background of the PSW system while describing its key features. It also outlines some responsibilities and obligations of both the PSW and the Subscriber to use the PSW portal.

1. Introduction

Use of the PSW portal is allowed to users who are granted access by the system upon fulfillment of requirements provided in the [PSW Subscription Rules](#). During subscription process the particulars of subscriber are electronically captured and verified from relevant departments and databases following the *Know Your Customer* (KYC) principle. Once subscription is obtained the same particulars are made available to different regulators integrated with PSW platform including Pakistan Customs for the purpose of registration of an entity, product or premises. This saves economic operators having to submit the same information physically or electronically for registration purposes to different public sector entities regulating international trade and transit in Pakistan.

2. Background

As a signatory to the WTO's Trade Facilitation Agreement (2015), Pakistan has notified the establishment of a 'National Single Window' (NSW) as a 'Category C' commitment with effect from 22nd February 2017. The NSW is an electronic portal that allows parties involved in international trade and transport to lodge standardized information and documents using a single-entry point to fulfil all import, export, and transit-related regulatory requirements. If information is electronic, then individual data elements need only be submitted once. To implement NSW the Government of Pakistan has promulgated the Pakistan Single Window Act, 2021 while declaring Pakistan Customs as the Lead Agency. The PSW Company established by Pakistan Customs, as a not-for-profit Company under Companies Act, 2017, has been designated as the Operating Entity under the said Act to develop and maintain the PSW portal in collaboration with 74 different public sector entities involved in regulation of cross border trade in Pakistan. PSW will digitize the processes related to regulations of international trade in the public sector which will benefit economic operators like importers, exporters, freight forwarders, clearing agents, shipping companies, transporters etc. by reducing complication, costs, and time in achieving compliance with such regulations. The implementation of PSW will also enhance government controls and transparency. By creating a national electronic trade and logistics platform the PSW will help Pakistan integrate better into the regional and global single window systems. It will facilitate integration into global value chains and enable Pakistan to become a hub for regional and international trade as well as transit.

3. PSW Subscription – Procedure, Salient Features and Dividends

3.1 Subscription Procedure

Subscription to the PSW Portal is easy and comprises the following steps:

1. Click the "Subscribe" button on the PSW Home page.
2. Read the terms and conditions, accept Terms and Conditions and click on "Proceed" button.
3. Enter NTN and provide CNIC and Mobile Phone No for following validations;

- Email associated with NTN is required to be active for verification through One Time Password (OTP) and forwarding Login Credentials.
 - Mobile number registered with selected CNIC will be verified through Pakistan Mobile Number Portability Database (PMD) and required for two factor authentication.
(Note: Mobile numbers registered in a Company name cannot be used for PSW subscription).
4. Deposit non-refundable subscription fee, through system generated Payment Slip ID (PSID).
 5. Authentication and verification of subscriber will be performed through OTP sent on entered mobile phone number and Email address registered with FBR.
 6. Your Biometric verification is needed to complete subscription. Visit your nearest NADRA e-Sahulat franchise for biometric verification.
 7. After successful biometric verification a link will be sent to your registered email address with the UID (user ID) after which you can create your unique password to access the PSW Portal.

3.2 Salient Features of PSW Subscription

- **Scope:** Subscription Process caters to NTN holders, FTN holders, Non-NTN\Non-FTN holders enabling them performance of cross border trade related activities.
- **Real time data validation/KYC:** Subscription process is 100% automated through real time integrations with FBR, SECP, NADRA and PMD.
- **Paper/contact less processing:** Subscription application will be auto processed, and User ID will be issued by the system through completely eliminating paper and physical appearance.
- **E Payment:** Subscription Fee shall be paid online through 1Link using ADC.
- **Authenticity of Subscriber:** Subscriber authenticity shall be ensured through Biometric verification from NADRA and mobile number ownership through PMD.

3.3 Dividends of Subscribing to PSW

- **Ease of doing Business:** The subscribers will no longer have to submit 22 paper documents which are currently submitted to obtain registration for performing cross border trade.
- **Cost of doing business:** The subscribers will have to pay cost of only Rs. 500/- eliminating completely all overheads required for manual preparation and processing of registration file.
- **Time saving:** The average 10 days time currently required will be reduced to a few minutes.
- **Value added benefits:** The subscribers will be able to avail PSW features like single declaration, EIF/EFE elimination, auto routing of regulatory requirements, etc.

4. What you will need to Subscribe

4.1 System Requirements

1. Google Chrome Browser.
2. Windows 7, Windows 8, Windows 8.1, Windows 10 or later
3. An Intel Pentium 4 processor or later that's SSE3 capable
To use PSW Portal on Mac®, you will need:
 1. Google Chrome Browser
 2. OS X El Capitan 10.11 or later

4.2 Subscription Requirements

- **Updated FBR data:** Email address and CNIC will be fetched/verified from FBR database against NTN. The subscriber must have updated all required details in the FBR database and should be able to access the email address for correspondence/OTP retrieval.
- **Mobile Number Ownership:** Subscriber shall be required to provide Mobile Number which must be registered with the provided CNIC. Mobile number ownership will be verified from PMD. Mobile number should be accessible to subscriber for correspondence/OTP retrieval.
